## A TURNED SWITCH

Causes an Accident Near Monmouth, Illinois.

### AN ENTIRE TRAIN WRECKED.

Four People Killed and a Number of Others Badly Wounded. While a Still Larger Number Received Slight Injuries—Railroad Accidents Elsewhere.

GALESBURG, Ills., Oct. 22.—The Chicago, Burlington and Quincy fast passenger train No. 5, which left here at 10:35 o'clock Tuesday night, met with a terrible accident at the pottery switch near Monmouth, sixteen miles west of here, twenty minutes later. The train was running at a high rate of speed. The facts show that the switch was partly turned and the locomotive left the main track and started on the side track. Some of the cars behind kept on the main track.

As a result the whole train of seven cars, save the sleeper, were derailed and turned over on its side, the cars being scattered around in great confusion. There was no telescoping. There were on the engine Engineer A. A. Emery and Fireman Nels. Anderson, of this city, and George Courtney, the traveling engineer, who went on the train to see how the new locomotive worked. Anderson was blown from the cab by the steam. Emery and Courtney had no chance to escape and their bodies were found close to the locomotive. The baggage and express men were thrown across their cars, but miraculously escaped injury.

A young man named Frank S. Johnson, of Avon, who with W. R. Hardy, of Abingdon, was standing on the steps of the smoking car, attempted to jump off, was thrown under the wheels and killed. Hardy jumped and escaped injury. The baggage car caught fire, but the flames were promptly extinguished by Baggageman John Dere. Oscar Zimmerman was pitched through a window of the smoking car and was unhurt. He hurried back to stop two incoming trains.

The saddest calamity happened in the first chair car right back of the smoker. In one seat in the middle of the car sat Mr. George Allen, his wife and baby. She was next to the window, and as the car tipped over her head was driven through the window and she was instantly killed. The baby was hurled across the car, and save a cut on the head, was uninjured. Mr. Allen received only bruises. He found his baby first, then groped his way from the car for a lantern, and returning found his wife dead.

The scene after the wreck is said to have been heartrending and panicky. The imprisoned prisoners beat out the windows of the cars to effect their escape. A large force of surgeons and railway officials went from here and Burlington. In addition to the four killed, thirteen were injured, but the injuries of some were so slight that they left on the next train. Great surprise is expressed that the list of fatalities was not larger.

The killed and injured are as follows:

Killed.  
Mrs. George Allen, of Lomen, Ills.  
F. L. Johnson, of Avon, Ills.  
George Courtney, traveling engineer, of Galesburg, Ills.  
A. A. Emery, engineer, of Galesburg.

Elizabeth J. McDonald, of South Melford, Ia., arm broken.  
T. J. Kirby, of Lennox, Ia., left arm mangled.

John Burner, of Foreston, Ills., left arm torn off.

Fireman Nels. Anderson, of Galesburg, Ills., scalded; may recover.

Frank Valtershall, of Chicago, cut about the head.

S. W. Cooper, Corning, Ia., scalp wound and hand injured.

Agness Miller, Brookfield, O., cut over left eye.

James Miller, Brookfield, O., arm bruised.

Catherine Miller, Brookfield, O., arm bruised.

A. G. Swope, Harrisburg, Pa., bruised.

George Allen, Lamoni, Ia., slight bruise.

E. D. Evans, Genessee, Wis., shoulder injured.

James Farrell, New London, Ia., slight cut in head.

James Scarborough, Monmouth, slight cut.

An Express Train Derailed.

WASHINGTON, Oct. 22.—The east-bound limited express from Chicago jumped the track a few miles west of St. Johns run on the Baltimore and Ohio road about 2 o'clock yesterday afternoon. The engine, after leaving the track, turned over, and Engineer Buckles and Fireman Richards were killed. Postal Clerks Lippincott, Craig and Lavey were injured, but the passengers in the two coaches and the sleeper, which, besides the postal and baggage car, made up the train, were only slightly shaken up. The train was running forty miles an hour when it

was derailed. The accident was caused by the breaking of one of the rear driving wheels of the engine. Trains and traffic on the road were delayed about two hours by the accident.

Collision on the Central Hudson.

AMSTERDAM, N. Y., Oct. 22.—At an early hour last evening a rear-end collision on the Central Hudson railroad occurred at Tribes Hill station, five miles west of this city. A freight train was standing while the engine was taking water when another train approached from the rear end and crashed into it, throwing eight cars from the track and setting them on fire. John R. Walrath, of Little Falls, a trainman, who was riding on the engine, jumped when he saw a crash was imminent, and broke one of his arms and received other painful injuries. Several of the cars were loaded with oil tanks and it was these that took fire and burned several hours.

Two Engines Wrecked.

CHICAGO, Oct. 22.—The Oak Lawn accommodation train on the Wabash railway collided with an incoming freight train at Forty-first street about 6:30 o'clock yesterday morning. Both engines were wrecked and several freight cars were destroyed. The forward car of the accommodation train was also badly wrecked. R. R. Carick and S. P. Sellers, two passengers, were fatally injured. The engineers and firemen jumped and saved their lives.

Railroad Accident in France.

PARIS, Oct. 22.—A serious railway accident is reported from Lyons. The heavy rains loosened an embankment supporting the roadbed and a train was thrown off the track. The driver and stoker were killed and one passenger injured.

PHONOGRAPHIC MESSAGES.

Cardinal Gibbons Sends One to Cardinal Manning and Another to the Pope.

LONDON, Oct. 22.—Cardinal Manning Tuesday evening listened with deep emotion to a phonographic message sent to him, in charge of Mr. Gourand, by Cardinal Gibbons, of Baltimore.

The cardinal, learning from Mr. Gourand that that gentleman was also the bearer of a phonographic message from Cardinal Gibbons to the pope, at once sent a telegram to the holy father asking to be permitted to hear it. The pope promptly complied with the request by sending a cable dispatch to Cardinal Gibbons, who in turn cabled Mr. Gourand instructions to gratify the wishes of Cardinal Manning.

When the latter had heard the message he added a few sentences in Latin, the language used by Cardinal Gibbons. Neither message will be given out to the press, as both are intended for the pope's private ear.

Great Work on the Big Divide.

GREAT FALLS, Mont., Oct. 22.—Surveyors of the Northern Pacific extension have made the discovery that the main divide of the Rockies is only 5,300 feet above the sea level, instead of 5,500 feet as shown in the old maps. Over 5,000 men are employed in grading and track laying, and it is expected there will be no cessation of work this winter. Fifty miles of grade is ready for the track, west of the present terminus, which will be completed at once. The bridge over the Big Horn river has been completed and iron has been laid as far as that point, which is about twenty-five miles from the summit.

Becoming the Steep of Death.

MUNICH, Mich., Oct. 22.—May White, the school teacher who has been in a trance-like sleep for 129 days, is slowly sinking away. Her condition still continues to puzzle the physicians. The young woman, who is not yet twenty years of age, had previously enjoyed good health and her long sleep came on without warning of any kind. She can take only liquid nourishment, and the result is growing more marked in her wasted form and emaciated face. She has become a veritable skeleton. She has been taken back to her home in Meadville, six miles from Stockbridge.

Will Make a Great System.

CHICAGO, Oct. 22.—A special to The Post from Indianapolis says: It is authoritatively stated here that the western trip of President Roberts, of the Pennsylvania system, and the English capitalists who accompany him, is undertaken for the purpose of looking at the Northern Pacific property with a view of purchasing it, or at least of securing a controlling interest in the stock. Mr. Roberts has talked freely about the stock and designs incorporating it with the Pennsylvania system, and thus connecting the extreme east and west by one railroad system.

Escape from an Insane Asylum.

CHICAGO, Oct. 22.—Frank Collier, the lawyer, who has been confined in the insane asylum at Dunning for several months, made his escape yesterday by breaking away from his attendant and jumping into a buggy that was standing near the asylum gate. A woman, whose name is unknown, was in the buggy. She gave the reins to Collier, who drove rapidly toward the city. The authorities gave orders at once for a chase and also notified the city police.

Violated the Contract Law.

BOSTON, Oct. 22.—Jacob Dick was arrested yesterday charged with violating the contract labor law in importing musicians to this country. It is alleged that the musicians brought over by Dick are all minors, and that the contract for their services are made with parents in Germany. Dick organizes them into bands and leases their services. He claims that the young men are "artists," and, therefore, not amenable to the law.

MARSHALLTOWN, Ia., Oct. 22.—Black diptheria is spreading at an alarming rate in a Norwegian settlement in Soldiers' valley, Harrison county. Fourteen persons recently died of the disease. One family of ten lost six members. The place has just been quarantined. A terrible state of affairs exists.

## GRADY IN BRONZE.

Unveiling of a Monument at Atlanta, Georgia.

### A TRIBUTE TO THE GREAT MAN.

The Orator, Journalist and Patriot Remembered in a Way That Will Not Soon Be Forgotten—Governor Hill the Chief Orator—Description of the Shaft.

ATLANTA, Oct. 22.—Over the last resting place of a great commoner, journalist, orator and patriot the north and the south clasped hands yesterday. The north, represented by the chief executive of the greatest commercial state in the Union; the south, by the chief executive of the state that of all states held firm and fast to the very last to the principles of Confederacy, and before them a great sea of faces representing not only the north and the south, but the east and the west. It was a great tribute to one who had simply been a man of the people, and this was the unveiling of a monument to the memory of Henry W. Grady.

HENRY W. GRADY.

The weather was fine and the streets were crowded with citizens and visitors from outside points. At least 20,000 of the latter, it is estimated, were present. As early as 7 o'clock the various organizations that were to take part in the parade began to arrive at the points assigned them, and at 10 o'clock the booming of cannon gave a signal for the head of the procession to leave the state house.

The order of the procession was as follows: Governor Northen and staff mounted, Fourth Georgia battalion of infantry, the governor's horse guards escorting carriages containing Mrs. Henry W. Grady and her daughter, Miss Jessie Grady, and Governor David B. Hill, General Slocum and the rest of the New York delegation. Next came companies of visiting military, infantry, cavalry and artillery.

The next division was headed by the Confederate Veterans, who formed an escort of honor to the O. M. Mitchell post, Grand Army of the Republic. The division allotted to labor organizations and civic societies was a long one. The locomotive engineers, conductors, firemen, brakemen, switchmen and the carpenters and joiners turned out in force, thus bearing new testimony to their knowledge of the fact that Henry W. Grady was a true friend to the working classes.

The police, fire department and newsboys and nearly 5,000 school children brought up the rear of the procession. Colonel Callahan was marshal of the day. An immense platform had been erected immediately in front of the monument, and upon the arrival of the procession this was occupied by the invited guests.

Charles S. Northen, president of the Monument association, called the assembly to order, and after musical exercises Miss Gussie Grady pulled the cord, the canvas dropped to the ground and the life-like features of her dead father were revealed to the immense throng amid cheers of thousands of throats.

THE COMPLETED MONUMENT.

Governor Hill, of New York, upon being introduced as the orator of the day, was received with loud and prolonged applause. He paid an eloquent tribute to the memory of the man whom they had met to honor and spoke at length regarding his patriotism, his love for his native south and his efforts to promote peace and good will between the two sections of the country.

At the conclusion of the oration the benediction was pronounced by Rev. J. W. Lee, of the Park Street church, and the procession was reformed and marched back to town.

The monument is of granite, and stands on a terrace, with molded edges, sixteen feet square and four feet high. The terrace is surrounded by a brass railing. The pedestal proper stands on a terrace, and is about eleven feet high;

it consists of three bases, the top one of which is molded and supports a polished die with a molded cornice, on which stands the bronze statue of Mr. Grady. The statue is nearly ten feet in height. It represents him in the act of addressing a public meeting, his frock coat thrown open, the right arm, with a bunch of manuscript in the hand, laying across the breast. It is a speaking likeness.

On the eastern side of the monument is a bronze statue of memory, while on the west is one representing history. On the front of the bases is a large palm branch and wreath in bronze. On the various sides of the pedestal are the following inscriptions: "Henry W. Grady, Journalist, Orator, Patriot. Born in Athens, Georgia, May 24, 1850. Died in Atlanta December 23, 1889. Graduated at the State University in the year 1868. Was Editor of the Atlanta Constitution. He Never Held or Sought Political Office. When He Died He Was Literally Loving a Nation into Peace."

The movement which culminated in the event of yesterday was started on the day following Mr. Grady's untimely death. Within twenty-four hours after the organization of the Grady Monument association over \$10,000 had been contributed to the fund. Much of this came by telegraph from Boston, New York and other eastern points. Five hundred dollars was telegraphed by Tammany Hall. The subscription list was open for thirty days only and when it was closed the quoted contributions amounted to nearly \$25,000.

Last night a banquet was tendered Governor Hill, by the Young Men's Democratic club at the Kimball house. Over one hundred people were present and it was one of the most elegant spreads ever gotten up in this city.

Governor Hill and party will visit the exposition to-day. Shortly after noon they will board their special car attached to the vestibuled limited train of the Richmond and Danville, which will make a special stop at the exposition for that purpose.

### LIEUTENANT RUSSELL SAFE.

Reaches Civilization and Gives an Account of His Explorations in Alaska.

VANCOUVER, B. C., Oct. 22.—Lieutenant Isaac C. Russell, who was sent by the United States government and the National Geographical society to explore the region about Mount St. Elias, has arrived here. He left in June for Alaska and went to Icy Bay on the United States revenue cutter Bear. His party consisted of T. P. Stainey, Neil McCarthy, J. H. Crumback, Frank S. Wainer and Thomas White. White was drowned by the upsetting of the boat. Otherwise the expedition was a complete success. They ascended Mount St. Elias on the north side, reaching an elevation of 14,500 feet, when they were turned back by clouds and a severe snowstorm. From observations taken the mountain is between 18,000 and 19,000 feet high. The party then explored the coast from Icy Bay to Disenchantment bay, a distance of about one hundred miles, and also the glaciers. Lieutenant Russell and party left Tuesday evening for Seattle, whence he goes direct to Washington.

### Killed by Asphyxiation.

CHICAGO, Oct. 22.—Dr. Franklin B. Clarke, a well known specialist, whose office is at 186 South Clark street, killed himself by asphyxiation last night at 210 1-2 South Clark street, where he had rented a room for the night. The doctor was a well known resident of Chicago, having lived here for the last twenty-five years, and was quite well to do. On the dead man's person was found a large amount of jewelry and some money, but no note or missive explaining the cause of his deed. Dr. Clarke was a man about sixty years of age.

### Evangelical Conference.

INDIANAPOLIS, Oct. 22.—The German Evangelist conference yesterday adopted resolutions providing for lay representatives upon the church boards and also for the appointment of a commission, consisting of five ministers and four laymen, to prepare and report to the next general conference, a plan for lay representation in the church. In the meantime the laymen of each presiding elder's district are entitled to three representatives in the annual conference. The conference adjourned this afternoon.

### Why Governor Steele Resigned.

CHICAGO, Oct. 22.—Governor Steele, of Oklahoma, is stopping at the Grand Pacific hotel. He admitted to a reporter that his resignation had been tendered to the president, but declared in emphatic tones, that he had not been tendered the office of pension commissioner. He resigned to give his interest in the gun works at Marion, Ind., his attention, and because of his belief that the office should go to a man who intends to make Oklahoma his home.

### Will Act as Governor of New York.

NEW YORK, Oct. 22.—Lieutenant Governor Jones is, by the constitution, the acting governor of the state in the absence of Governor Hill. He says he will act as such and certain politicians are agitated lest he take advantage of the situation to fill certain vacancies in his interest.

### Unknown Man's Body Found.

CINCINNATI, Oct. 22.—The body of a man, supposed to have been murdered, was found by a hunter in a hollow, Tuesday afternoon, nine miles south of Newport, Ky. **ROSSER & MCCARTHY,**  
Proprietors.

THURSDAY, OCTOBER 22, 1891.

The City Council of Lexington has been indicted for licensing pool rooms. Pool rooms and lotteries are catching it all 'round.

ATTORNEY GENERAL HENDRICK says "a lawful grand jury should now consist of twelve persons and no more." Just so, Jack. Judge Cole decided that way over a week ago.

The Louisville Post headlines a special from this city: "A Maysville Girl Marries a Man She Never Saw." That's a mistake. Maysville girls are not so anxious to marry as to consent to having the ceremony performed by proxy.

## BUSINESS BOOMING.

**That's What the Bee Says of Ripley's Shoe Factory—Where is Maysville's?**

Says the Ripley Bee: "Business is fairly booming at the shoe factory. For several months past, in fact ever since the concern got well under way, it has had all the orders it could fill, and since September it has had more than it could fill promptly. The rush still continues and the output is being continually increased, now being nearly 400 pairs daily. To try to catch up in some degree with the business, the factory is now running until 9 o'clock each night. Several new machines with enlarged capacity have lately been added. The factory has been fitted out with gas throughout, and presents a brilliant appearance after dark. Orders are pouring in steadily, and the stream of business is constantly growing larger, taxing the capacity of the factory all the time. About seventy persons are employed, and the weekly cash pay-roll amounts to nearly \$500 every Saturday evening. \* \* \* Many of the leading retailers in Cincinnati, Cleveland, Indianapolis, Louisville, Columbus, Springfield, Covington, and other cities and towns in three States near, now handle the Ripley shoe, and it has gone to Virginia, Florida, Chicago, Arizona, and other distant points. A single retail dealer in one of the cities named sent an order for eighty-one dozen, or over one thousand pairs, one day last week, in addition to previous large orders. Everybody at the factory is kept as busy as a bee, and the force of employees is being constantly increased. The success and prosperity of this important and valuable industry should be a matter of pride and pleasure to every citizen, and that it has already been a source of great good and profit in the town is perfectly evident to all.

"From the 'squeal' that traveling men report from outside about the Ripley shoes, it is certain that our factory is cutting some other manufacturers' out of their good trade. Over thirty stores in Cincinnati alone handle the Ripley shoe, including Mabley & Carew, Fecheimers, Potter and others. Rival factories in Cincinnati and other places already feel the effects of the competition, and the business is growing larger each week. A good grade of shoes is being made, too, and the line is now quite extensive, embracing all grades from medium to fine and fancy. The shipments from the factory now amount to over \$6,000 monthly, and will soon rise above that figure."

## Last Notice to Taxpayers.

On and after November 1st, 1891, the penalty of six cents on the dollar will be added to all unpaid taxes. Taxpayers will please pay now as I have a large amount of money to raise this month.

# A GLASS FACTORY.

**Prospects Are Good for Securing a Big Enterprise for Maysville.**

**The Proposition Presented, With the Plans of the Plant, and Now Being Considered.**

The proposition below was laid before the gentlemen to whom it is addressed this morning by Mr. Thomas Bruce, who is engaged in writing up the industrial resources along the C. and O. Mr. Bruce's work takes him over the road a great deal, and in this way he became acquainted with the gentlemen who make the proposition. His headquarters have been at this place for several weeks, during which time he has thoroughly acquainted himself with the many advantages of Maysville as a location for industrial enterprises. He laid these advantages before Messrs. Flynn, Young and Arthur, and they have finally decided to locate their new factory in our city, if satisfactory arrangements are made. Their proposition is as follows:

HUNTINGTON, W. VA., October 21, 1891.  
Messrs. Barbour, Hall, Ball, Frazer and others—Gentlemen: We, J. D. Flynn, D. O. Young and J. W. Arthur, of Findlay, O., and Upper Sandusky, O., being desirous of locating a first-class glass factory, after a consultation with Mr. Thomas Bruce, in charge of the industrial resources along the C. and O. R. R., as to the best point of location of this plant, have determined to select Maysville for the erection of the plant, provided we can come to some satisfactory position, as to terms, etc. For the better understanding of you gentlemen, and at the request of Mr. Bruce, we herewith submit a rough specification of the size of the plant with its various departments. Our concern proposes to establish a plant of seventy-five thousand dollars capital; the factory will work from one hundred and fifty to two hundred hands, the number varying according to the class of goods we are turning out, and our pay roll will amount to about eight thousand dollars per month. The gentlemen desirous of locating this plant are responsible men and have the means to carry out any proposition that they make. Mr. Bruce informs us that you are desirous of securing an industry of this character in your city, and we would be very glad to have you submit to us through Mr. Bruce what inducements we may expect in response to this proposition, and if satisfactory, we see no reason why we should not come to terms at once. Please forward us through Mr. Bruce a statement as to what we may expect. As to reference, you can inquire of Mr. Bruce. Yours truly,

J. D. FLYNN.

P. S.—As to fuel, we understand from Mr. Bruce that there is a gas fuel plant in Maysville now, which will enable us to get fuel without using raw coal.

J. D. F.

The plant according to the plans accompanying the proposition would require about two acres of ground.

The citizens to whom the proposition is addressed were not all present at the meeting this morning. A response was prepared and will be forwarded, inviting Messrs. Flynn, Young and Arthur to visit Maysville, look over the ground, select such as may be suitable for the plant, so that the gentlemen here may act with a clear and definite understanding as to the negotiations.

From Mr. Bruce it is learned that Mr. Young is rated as worth \$250,000, Mr. Arthur \$350,000, while Mr. Flynn is a practical manufacturer. Mr. Bruce also states that the gentlemen recently completed a large bottle factory at Huntington.

Mrs. Eliza Owens died very suddenly about midnight last night at her home near Germantown. Half an hour before she passed away she was apparently in her usual health.

Deceased's maiden name was Curtis and she was eighty-three years old. Her husband Theodorice Owens died several years ago. The family is one of the old and highly esteemed of Mason County.

Mrs. Owens leaves nine children—five sons and four daughters. They are: Messrs. James C. Owens, of this city; P. B. Owens, Roger Owens, Theodorice Owens, John Owens (of Lewis County), Mrs. Elizabeth Best, Mrs. Charles Peers, Mrs. E. K. Owens and Miss Eliza C. Owens.

The funeral will take place Friday at 11 a. m. at the home. Interment in the family burying-ground.

Says the Covington Commonwealth: "Mr. T. J. Gilmore, a prominent young gentleman of Hinton, W. Va., and Miss Lizzie Bryne, one of Covington's most charming young ladies, were married Wednesday morning at the Cathedral. The attendants were City Solicitor Byrne and Miss Mary Burns."

The groom is a brother of Mr. M. R. Gilmore, of this city, and has held a position on the C. and O. for several years. The bride has visited in Maysville, and has quite a number of friends and relatives here.

# GRIGSBY-DYE NUPTIALS.

**A Brilliant Afternoon Wedding at Sardis.**

The wedding season is on. Ever since October begun to show its poetic beauties, like the brides, ever changing yet ever delighting, Sardis has been aglow with pleasurable expectation of a notable society event that culminated Wednesday afternoon at 4:30 o'clock in joining in the alken meshes of matrimony Miss Carrie Dye and James H. Grigsby, Jr. The ceremonies were performed in the Christian Church by Rev. Dr. Hanford.

Long before the appointed time the large edifice was thronged with friends; while they waited they had an opportunity to admire the handsome decorations wrought by cunning hands in an artistic manner, including palms, evergreen and plants of rare beauty with a sprinkling of roses, lighting up the church, and in their gladness brightness, forming the augury of a happy voyage to the adventurous twain on life's billowy ocean.

On time the organ pealed forth an inspiring welcome to the bridal party which was echoed in the hearts of the assembled guests. Mendelssohn's Wedding March was played by Miss Nancie Bland. The striking of the key notes was the signal for all eyes to turn toward the entrance. The four ushers walked down the aisle in pairs just in advance of the bride and groom, and parting at the altar half of them stood on the right and half on the left. Here they were met by the officiating cleric, who amid a solemn and impressive hush—in a ceremonial metamorphosis, changed the single into the double, and out of this handsome couple formed husband and wife.

The bride is the only daughter of Mr. and Mrs. G. W. Dye, and is much admired for her amiable disposition and fine womanly qualities of character. She realizes the beautiful picture of the Scotch maiden thus artistically worded in the Lady of the Lake:

"A foot more light, a step more true,  
Ne'er from the heath flower dashed the dew;  
E'en the slight harebell raised its head,  
Elastic from her airy tread."

The costume of the bride was a marvel of beauty, cream faille silk, trimmed with pearls and lace, and dotted with satin rosettes; veiled in tulle, looped with orange blossoms. In her hand she bore a magnificent bouquet of Marechal Niel rosebuds. A line of handsome and useful presents were placed on the bride's piano.

The groom is a rising young merchant of Sardis, whose gentlemanly demeanor has resulted in a large and pleasant acquaintanceship.

The ushers were George Childers, Louisville; Robert Putnam, of Cincinnati; Joe Grigsby, Flemingsburg; J. W. Hunter, Blue Lick Springs. A few hours later Mr. and Mrs. Grigsby left on the F. & W. for Washington, D. C., and other Eastern cities on a ten-day's tour.

Elders Degman and Hall, Revs. Heber Wightman and Gideon N. Jolly were among the ministers present. Large delegations came in from all the neighboring towns.

## THE MARKETS.

**Cincinnati Tobacco Market.**  
(Tuesday.)

The offerings were of fair size for Tuesday, but composed of a poor class of tobaccos, being principally common trash, lugs and nondescripts, or which there was a fair demand at prices prevailing last week. ## A QUEER UNION.

T. A. Cook, of Mt. Carmel, Weds His Mother-in-law Who is Also His Aunt.

The Bride is Seventy-five Years Old and the Groom is Only Thirty-five.

T. A. Cook, aged thirty-five, and Mrs. Virginia Proctor, aged seventy-five, both of Mt. Carmel, went to Jeffersonville, Ind., this week, where they were united in the bonds of matrimony Tuesday. The Louisville Commercial says:

"The happy event—that is the marriage ceremony—was solemnized at the Central Christian Church parsonage in Jeffersonville, the Rev. T. H. Wilson tying the knot that bound together a past and a present generation, so to speak.

"This love is a combination of the old platonic love over which philosophers raved on the brows of Athenian hills, a consanguineous love dating back to a relationship between the bride and one of Mr. Cook's parents, the love, or rather respect, growing out of Cook's first marriage to a daughter of his last wife, and then the natural affection that would be expected to stimulate him in this latter venture. This is all rather confusing, and if Mr. Cook wishes to make a simple unembarrassed title to his present relationship to his bride, he will have to do as the Chicago abstractors do, destroy all previous title.

"When Mr. Cook met Lillie Proctor several years ago she was a vivacious lass a few years his junior. Her mother was his aunt and Lillie was his cousin. In a short time when the swallows began to mate, Miss Proctor became Mrs. Cook, and the aunt became the mother-in-law. Twelve months ago the dark form of death crossed the threshold and the wife passed into the great beyond. The husband and the mother were grievously shocked, and, with a blending of tears and sympathies, they were drawn together by the common loss.

"In time a tenderer feeling than that usually existing between mother-in-law and son-in-law sprang up. It grew and then Dan Cupid slyly spied them. A dart pierced two hearts and made them as one. The ceremony followed.

"Both parties are from Fleming County, and probably went over into Indiana to avoid the curious gaze of home folks. The groom is a tall, slender man of light complexion and tills the ground as an occupation. The bride is a business-like little old woman with piercing black eyes.

"When the ceremony was ended Mr. Cook tenderly lifted Mrs. Cook down to the carriage, and with endearing terms that would seem especially befitting a younger couple, tucked the lap robes about her feet. The two drove gayly off, and in the evening boarded a train for their home."

### Supper and Dance.

There will be a supper and dance on Friday evening, Oct. 23rd, at the Minerva school house for the benefit of the school building. Good music and first-class refreshments. Every one cordially invited.

### A Favorite Remedy.

Chamberlain's Cough Remedy is a favorite during the winter months on account of its great success in the cure of colds. There is nothing that will loosen a severe cold so quickly, or as promptly relieve the lungs. Then it counteracts any tendency toward pneumonia. It is pleasant and safe to take, and fully worthy of its popularity. For sale by Power & Reynolds.

### The Woodruff's Work.

The U. S. snagboat E. A. Woodruff arrived here early this morning and left shortly afterwards for points below. She has been doing effective work during the low water season. Starting in at headwaters she has cleaned out all the wrecks and snags she came across. In the past two days she removed seventeen snags between Manchester and Maysville. Two of these snags were sixty feet long, and three were fifty feet. The largest weighed twenty-five tons. Captain Christian is in command of the steamer and he is the right man in the right place.

### Here and There.

Miss Lutie Ryder is visiting Mrs. Carrie Turnipseed, of Mt. Olivet.

Mrs. Bettie Saunders, of Champaign County, Illinois, is visiting her brother, Mr. Dan Perrine. It has been twenty or twenty-five years since she was last here.

Mr. Harry Browning and, bride of Indianapolis, are guests of Mrs. Poyntz of East Front street. Mrs. Browning was a Miss Frazee and she is a niece of Dr. J. M. Frazee and brothers.

## AS OTHERS SEE US.

Maysville Covered Herself With Glory in Entertaining the Grand Lodge of Oddfellows.

Captain Wm. Remington, one of the editors of the Paris Kentuckian-Citizen, attended the late session of the Grand Lodge of Oddfellows, and was chosen Grand Warden. He gives a full account of the meeting in this week's issue of the paper, and pays Maysville and Maysville Oddfellows a very flattering compliment.

He says: "Maysville covered herself all over with glory in her entertainment of the Kentucky Grand Lodge of Oddfellows. Banners, bunting and ensigns hung from every window. Arches of evergreen spanned the streets at intervals. The show windows displayed the many emblems of F. L. and T. in all manner of materials, even gold and diamonds being so arranged as to form the letters. At night the display was especially beautiful. Arches of many colored lights cast tinted shadows on the streets. Paper lanterns hung in long rows above the curbstones, swaying back and forth in the night wind, and Greek lights illuminated the heavens as they flashed up upon every corner.

"The welcome was not confined to the brothers of the order. The Masonic order kept 'open house' and invited the Oddfellows to call. The Knights of Pythias issued printed invitations to all wearers of the three links to call at their Castle Hall and join in certain festivities. Even private citizens prepared refreshments and would call at places where the visitors mostly congregated and take them away to 'show them something.' Nothing was left undone by the people of Maysville.

When the Grand Lodge was not in session, the brothers were busy fulfilling engagements. One matter is probably finally settled; the Grand Lodge will, hereafter, be migratory. The body was so royally entertained, its proceedings marked with such increased interest, the attendance so noticeably augmented, that the members will, no doubt, conclude to hold it at different points in the State. Those cities to be honored by the visits hereafter will have much to do to surpass Maysville. The two lodges there are composed of some of the best material in the State. Their property is worth thousands of dollars and their membership large. They are an honor to the order and will long be remembered by all who enjoyed their hospitality last week. It was a grand occasion, but Maysville was equal to it.

"When the special train left there at 12 o'clock Thursday night, and began to climb the long hill towards Paris, many of the visitors crowded upon the rear platform and as they gazed upon the long rows of electric lights, gas jets and swaying lamps, heard the rattle of crackers or explosion of rockets, while over and above all the silver moon cast her realm of romance, they gave three hearty cheers for the thriving city at the mouth of Limestone.

"The Maysville Rebekah Lodge gave a dinner and supper on Thursday to the visiting brothers, and for superb fare, handsome waitresses and kind attention, they can't be beaten. The meals were served in the banquet room of Masonic Temple, and 250 were seated at a time. The two Maysville lodges of I. O. O. F. gave the Rebekah sisters 50 cents for each person served with a meal, and to give an idea of what grand spreads they had, we will say that the ladies did not make any money. In fact, it was not their intention to do so, for they wanted every cent spent for the best eatables that could be had. Mrs. John T. Martin, who was Chairman of the committee, deserves the highest praise for the grand success she made of the undertaking."

"Too much praise cannot be given to the citizens of Maysville for the princely manner in which they received and entertained the delegates and visitors."

New York, October 19.—The New York Herald has startled its companions of the press by the announcement of a free discussion of the question of the times—"The Silver question." Their columns are open. It matters not, either silver, gold or currency will suit Frank Owens Hardware Company for all goods in hardware, guns, ammunition, coal vases or anything else.

Says the Stanford Interior Journal: "There has not been a more exciting election in Crab Orchard for years than the one held Saturday on the question of a graded school. All three propositions—an annual tax of not exceeding sixty cents, a poll tax not exceeding \$2, and bonds to the amount of \$4,000—carried by a vote of 68 to 58, and Crab Orchard will have a free graded school."

One of the Kentucky Central's big engines, No. 16, came in yesterday at noon to take out an extra freight, but it was still here this morning. While being turned, the center-pin of the turntable broke, and the employees hadn't succeeded in getting the engine off on the track at 8 o'clock this morning. The engines that usually turn here had to leave hind end first this morning.

## A FACT!

We made the following proposition to a man who was about to visit Cincinnati and Louisville: If Webster's International Dictionary, with Noyes' No. 19 Stand could be bought for less than we could sell them to him, in either of the above cities, we would sell him one for one dollar less than their (Cincinnati and Louisville) price. He came back and bought our Dictionary and Stand for \$13.50, and said it was one dollar and twenty-five cents cheaper than the best houses in the other cities would sell it to him for. ## MEXICANS MASSACRED

Under Guise of Law, and in a Most Heartless Manner.

RIO GRANDE CITY, Tex., Oct. 22.—The Mexican consul here, Mr. Josef Gonzalez, requires all citizens to get a pass for the other side, granting them only to those he deems truly loyal. Without one the passer will find himself in deadly peril in Mexico. Three Mexicans were shot at the guardado de firba ranch on the river, nine miles above here, on the Mexican side, last Sunday. Two had just crossed from Texas, having been working in the vicinity of Victoria. The other, Juan Basean, was from Mier, an army meat contractor, it is said. The first two, unconscious of the necessity for them, crossed without consular permits, and were at once arrested at their homes on the bank by a cavalry picket. General Lorenzo Garcia, on his way from Camargo to Mier with an escort the night they were shot, when notified of their arrest ordered their summary execution, which took place in the presence of their pleading families. The shots that ushered them into eternity and the cries of the wives and children for mercy were plainly heard on the Texas side. A number of families at that point, terror-stricken, fled to this side, where they are camping in the open air.

## MURDER AT A WEDDING.

A Dastardly Crime Terminates an All Night Celebration.

COLUMBUS, O., Oct. 22.—A wedding party in the eastern part of the city, which was protracted until an early hour yesterday morning, terminated suddenly at 3 a. m. in a murder.

Next door to the wedding was a boarder named George Snyder, who paid attentions to the landlady, a Mrs. Corbett. The latter attended the wedding, but went to her house, and Snyder attempted to prevent her return. He fired a shot in the air and then caught the woman and carried her back into the rear of the house. She screamed for help and some of the guests, among them Ollie Hann, went to her rescue.

Hann took hold of Snyder when the latter pulled his gun and fired, the ball taking effect in the left temple of the former. This caused the most intense excitement among the wedding guests, and the murderer made good his escape. Hann was taken to the hospital and died at 9 o'clock yesterday. Both the murderer and murdered man are laborers, less than thirty years of age, and Snyder was jealous of Hann.

## Result of the Chilian Election.

SANTIAGO, Oct. 22.—Elections for presidential electors and members of the senate and chamber of deputies were held on Sunday last. The day passed quietly. The Clerical party met with an overwhelming defeat, while the Liberals have a handsome majority in the electoral college, the duties of the members of which are similar to those of the presidential electors in the United States with the important difference that the members themselves select and appoint the chief of state. The Liberals will have full control in the chamber of deputies with a majority of about 30, the Clericals having elected but two. In the senate the Liberals have elected thirty of its candidates.

## INDIANA FARMERS' ALLIANCE.

The Different Societies of the State in Annual Convention.

INDIANAPOLIS, Oct. 22.—Delegates from 200 local Farmers' Alliances met here yesterday in annual convention, and will be in session three days. The meeting was secret, but it is known that the subject under discussion is that of forming a third party. President Force and a large number of delegates favoring the scheme and a strong minority opposing it.

President Force declared last night that three-fourths of the delegates favored separation from the old parties and the formation of a third party, and he had no doubt this would be the conclusion reached before adjournment. Other delegates, however, contend that the sentiment is not so pronounced, and that such a resolution, if forced upon the minority, may lead to a disruption of the organization.

The fight now in progress is really preliminary to the struggle which is expected to occur in the national meeting in November.

The reports of the officers yesterday show a total of 35,000 Alliance members in the state, and within the past year 300 local Alliances have been formed.

The man refuses to speak and the girl cries constantly. Her father left yesterday for Markland. The girl was thirteen years old yesterday.
